Oregon 4-H International Exchange Programs

The Oregon 4-H Youth Development Program continues to be very committed to the concept of global education through the 4-H World Citizenship Project. In the future, this project will include the following:

- **Curriculum** that showcases how all 4-H projects are international in scope. The curriculum will be available for use in all 4-H clubs in Oregon. This activity-based curriculum will engage 4-H members in learning how interconnected we are with countries around the world.
- **4-H International Exchange Ambassador Programs**—these programs are 3-8 week opportunities for young people to experience living with host families in other countries. Through participation in these programs, young people will increase their global understanding and improve their leadership and communications skills.
- **4-H International Exchange Youth Development Programs**—In addition to having the opportunity to experience living with host families in other countries, participants in Youth Development Programs will work with the cooperating youth program in their host country. Depending on the host country, this work could include helping with camping programs, studying youth development issues, or working with formation of 4-H type clubs in various settings around the country.

With some countries, there will only be outbound programs, but with most, it will be possible to have both inbound hosting and outbound traveling opportunities. Outbound delegate ages will vary depending on the host country and the specific program. Please check pages one and two of this newsletter for the 2009 opportunities. Information about these opportunities is also available on the Oregon 4-H website at:

<http://Oregon.4H.oregonstate.edu>.

Donations Help Fund Outbound Programs

Alumni and others that value world citizenship programming are encouraged to consider a donation to the 4-H International Exchange Program’s Scholarship Fund. These monies will be used to provide partial scholarships for Oregon delegates traveling to countries on both 4-H International Exchange Ambassador Programs and 4-H International Exchange Youth Development Programs.

In addition, monies are needed for management needs of all exchange programs, except the inbound program with Japan. (The **inbound** 4-H Japanese Exchange Program is funded through the cooperating organizations in Japan.)

A huge THANKS goes to everyone who has contributed since the last newsletter:

- Glenn Klein
- Lillian Larwood
- David Wilson
- Kenneth Farner
- Dorothy Roholt

During the summer of 2008, Oregon was host to 55 Japanese youth and adults, one Costa Rican 4-week delegate, one Youth Development delegate from Finland, and one Youth Development delegate from Germany. In addition, Oregon sent nine Ambassador delegates to Japan, one to Australia, and two to Finland. Oregon also sent one Youth Development delegate to Finland.

With additional funds this experience will be available to more Oregon youth. As one recent delegate states:

“I will never forget the people I met, foods I tried, and things I did. There is no way that I could have learned all these things to the degree I did without this amazing experience.”
